Division A – General Information

1. SCOPE

The purpose of this solicitation, and resulting Agreements, is to establish mutually agreeable terms, conditions and specifications to obtain rental vehicles used in support of fire suppression and all-risk activities for the Northern Rockies Geographic Area for use on a local, Regional and Nationwide basis. Agreements resulting from the IFB may be used by multiple State and Federal agencies-including but not limited to: the USFS, Montana DNRC, Idaho Department of Lands and the Bureau of Land Management . Since the equipment needs of the Government and availability of Contractor's vehicles during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the vehicles listed herein to the extent the Contractor is willing and able at the time of order. The Government is not obligated to place nor is the Contractor obligated to accept an order under this Agreement, but if an order is placed and accepted, all the terms and conditions set forth herein shall be met. There are no minimum or maximum guarantees as to the number of orders that may be placed under subsequent Agreement(s). The agreement(s) will not preclude the Government from using Agency or Agency Cooperator owned resources before using resources under the agreement.

1.1 The following personnel will be authorized to place orders against the agreement, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, Contracting Officers and Purchasing Agents. The Incident Commander or responsible Government Representative is authorized to administer the technical aspects of the agreement

1.2 When equipment covered by the agreement is under hire by one of the federal agencies, Attachments A, B, C and D will apply. When equipment covered by the agreement is under hire by one of the states, the applicable portions in Attachments A, C, D and E will apply. A given piece of equipment can be under hire to only one agency at a time.

2. WEAR AND TEAR

Equipment furnished under the agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but are not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into the agreement, the Contractor agrees that what is considered wear and tear under the agreement may be in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment.

For the purpose of the agreement, the term "normal wear and tear" shall include, but not be limited to:

- a) Brush scratches on the body of the vehicle.
- b) Punctures tears or destruction of tires and/or sidewalls due to rocks or sticks common to the working environment.
- c) Wear on the paint on the inner and outer surfaces of the vehicle, top, sides, rails, and tailgate. Includes chips from flying rocks and minor bumps and dents.
- d) Clogged air filters and oil filters from dust.
- f) For equipment furnished under the agreement, the Government shall not be liable for loss, damage, or destruction of such equipment, except for loss, damage, or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment.
- g) In order to better monitor possible abuse of vehicles, the government may also conduct cursory inspections on a daily basis.

2.1 Tires

Due to the extreme conditions the equipment rented under this agreement is subjected to, a minimum of 10 ply tires for the category for 4x4 pickups and utility vehicles is preferred. A separate price for these vehicles with 10 ply or greater tires may be submitted.

2.2 Tire Replacement:

In the event a tire has to be replaced, the government will replace the tire with the same size but due the exigency nature of the situation there will be no consideration to brand. The incident will then bill the cost of the tire back to the vendor.

3. VEHICLE INSPECTION

Prior to acceptance of any specific vehicle for incident use, the vehicle shall be inspected by the Government to determine that it meets all of the terms, conditions and specifications set forth herein. The vehicle shall be safe (brakes, tires, headlights, turn indicators, etc.), in good mechanical condition. At the time of pre-use inspections all vehicles tires must have a minimum tire tread depth of 6/32 inches. Vehicles shall also be equipped with a spare tire, wheel wrench, and jack.

Vehicles that fail the inspection or fail to comply with applicable laws such as **as exceeding gross vehicle weight rating (GVWR)**, dyed diesel fuel; etc. for the capacity offered shall be rejected. Equipment may be re-inspected after repairs or other reasons for the failed inspection are rectified. Contractors may not attempt to find another federal or state agency to inspect failed equipment without discussing the circumstances with the affected hiring agency. See Attachment C Vehicle/Heavy Equipment Safety Inspection Checklist OF-296.

4. BID REQUIREMENTS

In order to be considered to receive a contract, vendors must submit terms and conditions and a daily rate (24 hour day) pricing and meet the minimum requirements stated in the bid document. The bid shall also include a per mile rate for mileage and **include all taxes and use fees**.

5. ORDERING PROCEDURE

The end result of this IFB will be a list of pre-qualified vendors and the prices for which they have agreed to furnish rental vehicles. This list will be per location and price. DNRC or federal personnel may use this list if and when an incident develops. There is no guarantee the listed vendors will be called to supply vehicles. Although price will be the primary consideration, due to the exigency nature of fire suppression and all risk activities, factors other than price (such as location, ability to meet timeframes, number of units available etc.) may be considered prior to placing an order.

An equipment resource order will be placed through the designated interagency dispatch center by phone, fax or in person, by the incident requesting a vehicle. A resource order will be completed for each vehicle. The resource order will contain the initial date/time, incident/project name, incident/project order number, financial codes, descriptive location, etc.

The ordering Agency shall be listed on all documentation as the lessee not individuals assigned to pick up the vehicle.

5.1 RESOURCE ORDERS

Resource orders are assigned for a specific fire incident. Rental vehicles cannot move to other incidents with the same resource order. A new resource order needs to be assigned for each incident.

5.2 DELIVERY/PICKUP CHARGES

In the event a vendor has to ship in additional vehicles to meet the governments requirements, charges for this service shall be negotiated between incident personnel and the vendor and invoiced separately.. These charges shall be incident specific.

6. MODIFICATIONS

Any modifications to the Emergency Equipment Rental Agreement shall be made by the State of Montana DNRC Contracting Officer who signs the original agreement.

7. CLAIMS

Claims settlement is agency specific, and remains the responsibility of the incident agency. Procurement personnel shall receive direction for claims resolution from the incident agency upon assignment.

7.1 Federal Government Claims. Unless limited by agency policy or the Agency Administrator, any Federal agency claim may be settled by a Level I or higher GS-1102 Contract Specialist; and minor claims may be settled by GS-1105 Purchasing Agents. Minor claims are interpreted to include claims that are evident as to existence, responsibility, and reasonable in claimed amount. Claims settlements by a GS-1105 Purchasing Agent exceeding \$2,500 per claim shall be reviewed by a GS-1102 Contract Specialist, Finance/Administration Section Chief, or staff level position at the incident or in the incident agency office.

7.2 State of Montana Claims. Claims arising on incidents are the responsibility of the incident agency. Claims arising under the jurisdiction of the State of Montana are negotiated by the responsible Line officer or agency Administrator. These individuals may delegate this authority to other DNRC employees or to the Incident Management Team. When possible, claims should be settled at the incident. For comprehensive information on handling claims against MT DNRC, see the DNRC 300 Incident business management manual, or contact the Business Management Bureau, Forestry Division, Department of Natural Resources and Conservation, 2705 Spurgin Road, Missoula, Montana 59804; office phone: (406) 542-4300.

7.3 State of Idaho Claims. Settlements arising under the jurisdiction of the State of Idaho can be negotiated by the incident Agency Administrator (Area Supervisor) up to \$2,500. Settlements exceeding \$2,500 must be referred to the Idaho Department of Lands, Bureau of Fire Management, Idaho, 3780 Industrial Avenue, Coeur d'Alene, Idaho 83815; office phone: (208) 769-1522.

7.4 State of North Dakota Claims. Claims against the State must be made in writing to the Director of Office of Management and Budget. The claim must be filed within 180 days of when the alleged injury was discovered or reasonably should have been discovered. Claim forms may be requested from the Office of Management and Budget, 600 East Boulevard Avenue, Department 110, Bismarck, ND 58505-0400; phone: (701) 328-4904.

Standard Terms and Conditions

ACCESS AND RETENTION OF RECORDS: The contractor agrees to provide the department, Legislative Auditor, or their authorized agents, access to any records necessary to determine contract compliance (Mont. Code Ann. § 18-1-118). The contractor agrees to create and retain records supporting the services rendered or supplies delivered for a period of three years after either the completion date of the contract or the conclusion of any claim, litigation, or exception relating to the contract taken by the State of Montana or third party.

COMPLIANCE WITH LAWS: The contractor must, in performance of work under the contract, fully comply with all applicable federal, state, or local laws, rules and regulations, including the Montana Human Rights Act, the Civil Rights Act of 1964, the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Any subletting or subcontracting by the contractor subjects subcontractors to the same provision. In accordance with section 49-3-207, MCA, the contractor agrees that the hiring of persons to perform the contract will be made on the basis of merit and qualifications and there will be no discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental disability, or national origin by the persons performing the contract.

DEBARMENT: The contractor certifies, by submitting this bid or proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. If the contractor cannot certify this statement, attach a written explanation for review by the State.

ETHICS CODE. Although for purposes of the Workers Compensation laws, the Contractor is not an employee of the State, (see Section ___), a person under contract with the State of Montana is defined as a public employee by and for the purposes of the Montana Code of Ethics. A public employee whose conduct departs from the Code may be liable to the State and subject to penalties for abuse of the public trust. Contractor acknowledges receipt of a copy of Mont. Code Ann. § 2-2-101 (2005) et seq. and is familiar with its contents.

HOLD HARMLESS/INDEMNIFICATION: The contractor agrees to protect, defend, and save the State, its elected and appointed officials, agents, and employees, while acting within the scope of their duties as such, harmless from and against all claims, demands, causes of action of any kind or character, including the cost of defense thereof, arising in favor of the contractor's employees or third parties on account of bodily or personal injuries, death, or damage to property arising out of services performed or omissions of services or in any way resulting from the acts or omissions of the contractor and/or its agents, employees, representatives, assigns, subcontractors, except the sole negligence of the State, under this agreement.

PAYMENT TERM: All payment terms will be computed from the date of delivery of supplies or services OR receipt of a properly executed invoice, whichever is later. Unless otherwise noted in the solicitation document, the State is allowed 30 days to pay such invoices. All contractors will be required to provide banking information at the time of contract execution in order to facilitate State electronic funds transfer payments.

REGISTRATION WITH THE SECRETARY OF STATE: Any business intending to transact business in Montana must register with the Secretary of State. Businesses that are incorporated in another state or country, but which are conducting activity in Montana, must determine whether they are transacting business in Montana in accordance with sections 35-1-1026 and 35-8-1001, MCA. Such businesses may want to obtain the guidance of their attorney or accountant to determine whether their activity is considered transacting business.

If businesses determine that they are transacting business in Montana, they must register with the Secretary of State and obtain a certificate of authority to demonstrate that they are in good standing in Montana. To obtain registration materials, call the Office of the Secretary of State at (406) 444-3665, or visit their website at <http://www.sos.state.mt.us>.
